

CSCI 5437 Assignment 6 (Programming Project)

Due: 3/24/2023

Implement a Java 3D program displaying your name in 3D text as shown below. Create two separate *Shape3D* objects for your first name and last name. Use the material and light objects similar to the *Hello3D* example. Apply a blue background.

Draw a scene graph corresponding to your Java 3D program. Convert or scan the scene graph to a PDF file.

Name the main class *Assignment6* in the package *assignment6*. Submit the source files (.java) and the scene graph file (.pdf) online to the dropbox on *folio*.
